Last Stop: Crawlers Choice

The QueensWest.com Pub Crawl is just a local event for people to get together and have some drinks at a few different bars around town. An unofficial "get to know you" if you will. The schedule and bars are listed on the left along with approximate times that the crawl will arrive. If you want to meet up with the crawl, shoot for the last place it was supposed to be and check there first. We will try to keep a tight schedule but expect delays.

Special Trivia Contest: At the end of every bar before we head on to the next bar there will be a special trivia contest with prizes awarded. Each stop there will be three questions about Queens West, Long Island City & QueensWest.com. First one to raise their hand and answer correctly wins a prize. One prize per person. Void where prohibited.
